

SemiGen
www.semigen.net

High performance Diodes including Schottky, PIN Limiters, SRD, Tuning Varactors and Point Contact. RF Microwave Hybrid and SMT Assembly, PCB, box build, module repair, test services & manufacturing supplies for successful production of RF/Microwave hybrids and components.

UMS
www.ums-rf.com

Microwave/mmWave RF MMIC devices and foundry services. GaAs and GaN MMIC LNAs, MPAs, and HPAs.

Networks Intl. Corporation
www.nickc.com

Custom RF filters: lumped element, lumped component, cavity, ceramic, crystal, and thin-film. Multiplexers, diplexers, and high frequency switch filter banks.

SAWNICS
SAWNICS
www.sawnics.com

Duplexers, RF SAW filters, IF SAW filters to 3 GHz.

Chupond America, Inc.
www.chupond.com

High-density board-to-board interconnects, temperatures up to 200 deg C, stack heights down to 1.0mm with signal speeds up to 40 GHz, Pin densities to 0.30mm pitch.

Environmental Stress Systems
www.essproducts.com

Thermal Test Platforms, Cascade Condensing Units, Space Simulation Thermal Vacuum Chambers, Metal Cold Treating, Bio-Pharma Systems, and Liquid Recirculating Chillers.

NAPROTEK™
Naprotek
www.naprotek.com

Contract Manufacturing with rapid prototype/NPI capabilities (1-5 days), assemblies for hi-rel applications including Space. High-mix PCBA manufacturing incorporating IMA, MCM, & SiP.

Cubic Nuvotronics
www.nuvotronics.com

Nuvotronics revolutionary PolyStrata® architecture provides an unprecedented platform for mmWave performance, integration, and miniaturization. Products include switch filter banks, power dividers, filters, baluns, diplexers, multiplexers, and MCMs.

Frequency Electronics, Inc.
www.fregelec.com

Hi-rel OCXO products for low-G sensitivity applications, CRO and DRO products, and rubidium atomic clocks for PNT and secure communication/SATCOM.

Norden Group
www.nordengroup.com

RF/Microwave Amplifiers, Frequency Converters, and Integrated Microwave Assemblies 10MHz to 110GHz.

BC Power Systems
www.bcpowersys.com

Custom military power supplies, power control products, EMI filter products and integrated power systems.

RFE
www.rfe-mw.com

Synthesizers, frequency multipliers, up/down-converters, and VCOs with low PTD. RFE also does build-to-spec mmWave integrated modules and mmWave design services.

G Squared Technologies - MD
402a Grindall Street
Baltimore, MD. 21230
410.695.9955

G Squared Technologies - PA
1222 North Orkney Street, #2
Philadelphia, PA. 19122
301.661.4727

CMI Technical Sales
8452 Early Bud Way
Laurel, MD. 20723
301.204.2640

G SQUARED
TECHNOLOGIES

ECS, Inc.

www.ecsxtal.com

Frequency control crystal & oscillators solutions including: MultiVolt™ oscillators, 32.768KHz tuning forks, AEC-Q200 qualified timing product, VCXO / TCXO / OCXO oscillators, power inductors, real time clocks and more.

Flann Microwave

www.flann.com

Precision microwave and mmWave passive waveguide components, sub-assemblies, calibration kits, and instrumentation to 500 GHz.

JFW

www.jfwindustries.com

Attenuators, RF switches, power dividers, test accessories, and automated test systems including limited and full fan-out transceiver test systems and switch matrices.

Kyocera AVX RF Solutions

<https://rfs.kyocera-avx.com>

Multilayer and single layer ceramic capacitors, resistors (including high power), inductors, and power capacitor assemblies. Thin-film ceramic substrates and custom hybrid circuits.

MicroWave Technology, Inc.

www.mwtinc.com

GaAs and GaN MMIC power amplifiers to 40 GHz, low-noise pHEMT devices, hybrid modules, and connectorized power amplifiers.

Renaissance Electronics & HXI

www.rec-usa.com

Ferrite isolators and circulators, millimeter wave active components and modules including: HPAs, LNAs, mixers, up/down-converters, and high frequency radio products to 86 GHz.

Dynawave

www.dynawave.com

RF & Microwave connectors, cable, and integrated cable assemblies. High Frequency (DC-65 GHz) to high power (kW). High performance DynaFlex®, ArcTite®, DynaTest®, and PhaseTite® cable assemblies are all available for quick delivery.

P-Semi

www.psemi.com

RF MMICs including switches, PLLs, Digital Step Attenuators, Mixers, Pre-scalers, and digital tuning technology products.

Teledyne e2v

www.teledyne-e2v.com

Broadband data Converters, P-semi Hi-Rel Products, GaN Systems Power Transistors, InP Foundry Services, ApiSys Integrated Solutions Products, Hi-Rel Microprocessors and Hi-Rel/High Speed CMOS Static RAM.
